## Want to give blood?

*by Jim Frenchik*

The School Improvement Plan (SIP) Committee needs new blood. Last year the committee, consisting of seven dedicated souls, took on the responsibility of ensuring that the four goals set up in the accreditation SIP (Communication, Curriculum, Technology, and Policy) were being addressed.

 This is extremely important in terms of our accreditation.

Sadly, two of last year's members cannot serve this year.

The committee feels that there is not enough representation from the

## ICASE Fall Conference September 25-26

*by Judy Cass*

George Stailey, Judy Cass, and Cindy Lawrence attended the Fall Conference of the Indiana Council of Administrators of Special Education in Terre Haute. The conference focused on including students with disabilities in state and local standards, assessments, and accountability. It also emphasized using the IEP as a tool to access curriculum, instruction, and standardized assessment modifications. Much focus and energy has been spent in determining programs for special education students and not enough on outcomes. Once a student entered the domain of special education expectations lowered and waivers were obtained to eliminate the need for outcome assessment. As with all students in Indiana, special education students will be expected to meet specific outcomes set forth in their IEPs and will be expected to pass the ISTEP+ or meet specified criteria in order to receive a diploma upon graduation from high school. Schools will be held accountable for the quality of their programs.

**We received many positive remarks about ISD and fielded many inquiries about services offered here.**

## ICASE (Cont'd from p. 1)

The collaborative efforts with Lawrence Township and the McKenzie Center are well-known and respected. Several directors expressed interest in offering ASL for credit in their high schools and middle schools. Directors asked about audiological and psychological services and the possibility of our assessment staff either doing the assessments for them or teaming with their current assessment staff. Terri Motter specifically received accolades for an assessment she did in northwestern Indiana recently. During his presentation, Bob Marra, State Director of Special Education, emphasized the need for case conference committees to consider the communication and language needs in the direct delivery of services for all deaf and hard of hearing children. He also recommended that the public school staff contact the Indiana School for the Deaf for assistance in understanding what these needs are and for providing for these needs.

All of this translates into trust and respect in ISD by the public schools. We have several directors awaiting our contact to discuss further collaborative efforts.

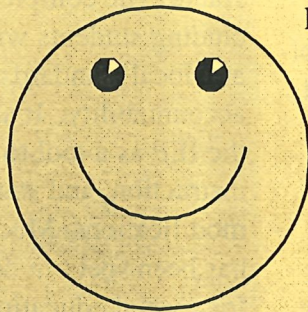

YEAH!

## What goes around...

*by Carol Keller*

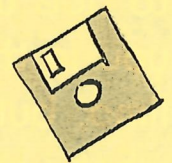

Carol Keller and the 7th grade class are having an ALL SCHOOL Random Acts of Kindness (RAK) Program in Caskey Gym on October 21st from 9:40-10:40. They invite all of our ISD family to attend.

The class will demonstrate

and explain RAKs. Then they would like for staff members to share RAKs in their lives. They hope that some of you will be willing to share an act of kindness that you have experienced. The class will then explain an incentive program to encourage RAKs at ISD for the rest of the year. At the end of the program, everybody will form a big circle and hold hands for one minute. Hope to see you there!!

## MML seeking donations

*by Dan Stutler*

Middle School and High School students are seeking donations of used videotapes and 3.5" computer disks. Many companies, especially Internet providers, are sending diskettes and videotapes to homes as demos. If you have any of these and have no use for them, please donate them to the students in the MML classes via Robert Wilson.

The next *Campus Bulletin* will be distributed on Friday, October 31. Please submit any articles to Jim Frenchik in the Learning Resource Center by Tuesday, October 28.

## Blood (Cont'd from p. 1)

general school population for balanced decision making. They are asking for (at least) one representative from each department to join for more accurate staff input.

Meetings would be scheduled according to common available times, and would likely occur weekly at first, and less often thereafter.

## Staff Development Briefs

*by Mary Alice Moon*

If you would like more information on any of the following workshops you may contact the Staff Development Office, which is located in Building 6 in Room 223. Our phone number is ext. 414. Right now we still don't have a TTY answering machine, so if we are out of the office, please leave TTY messages with Pam Lewis at ext. 419. There is also additional information on the bulletin board outside the office.

**Title:** Preservice School Bus Driver Safety Education Training Course

**Offered by:** Dept. of Education

**Skills:** How to drive a bus

**Date:** Oct. 22 - 24

## New Hands Alive show postponed

*by Debbie Fetzer*

Because of the renovation project that will be in effect in the ISD auditorium in late November or early December, it is unfortunate that I have to announce that the 1997-98 Hands Alive Production will be postponed until next year.

Our next production will follow a 1950's theme with a variety show called "Rock Around the Clock." The show will consist of hilarious skits, ASL poetry, fast-paced dance movements and songs in ASL interpretation which will knock your socks off! The upcoming production will be co-directed by Debbie Fetzer and Tim Burdsall.

Auditions are tentatively scheduled for the spring of 1998.

## Last chance to save money

*by Vicki Peavey  
Vincennes University ASL Program*

The Vincennes University ASL program will continue selling the popular Entertainment books through October 31.

If you have never seen an Entertainment book, you will be excited to know that it includes many 50% off or two-for-one discounts to a variety of local services and restaurants from fast food to "fine dining."

It also includes discounts to movie theaters and professional sporting events in Indianapolis, Chicago, and Cincinnati. You can also save on airfares with participating airlines and hotels across the country.

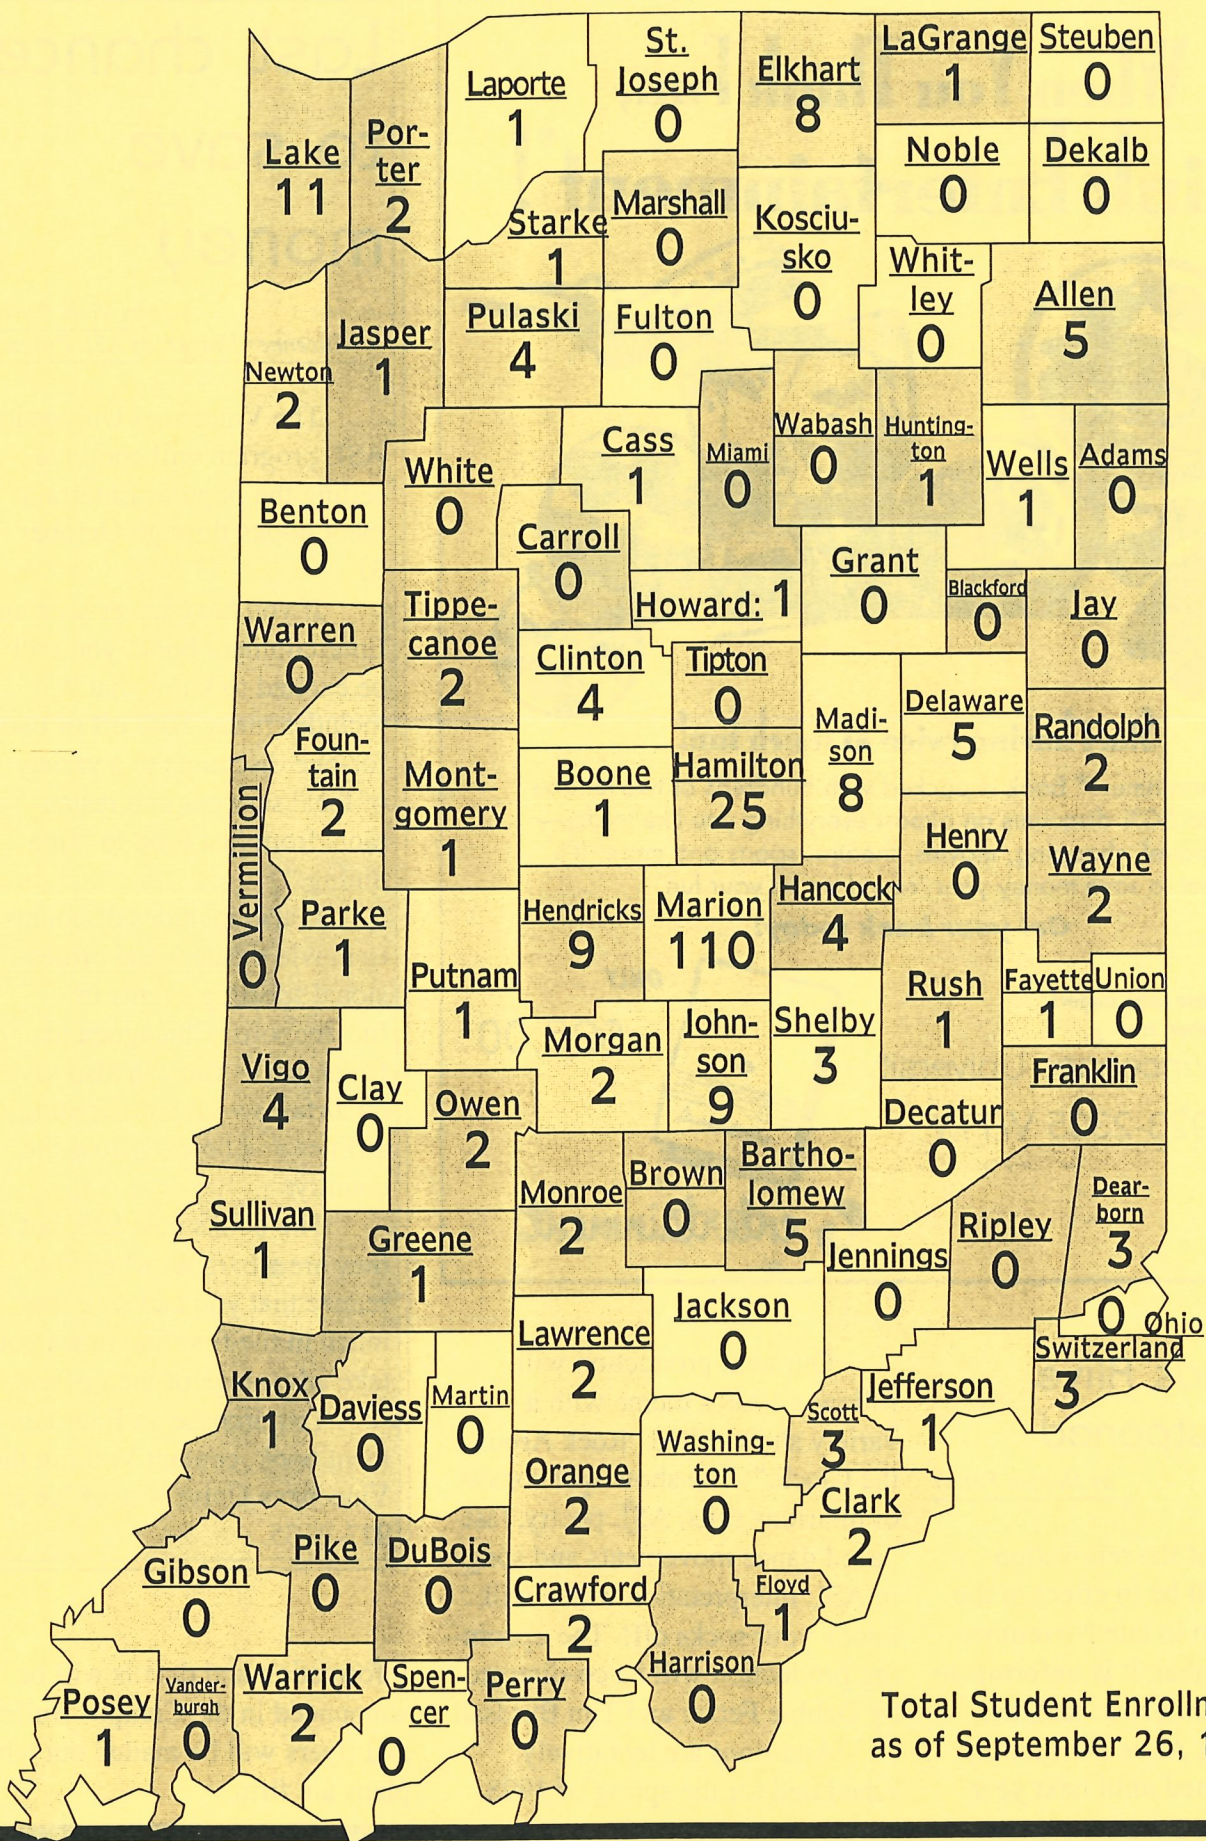

The books cost \$25, but they are a bargain when you realize that you can save that much in the first few times you take advantage of their offers.

To purchase an Entertainment book, contact Vicki in the Vincennes University office at 923-2305.

Information and details will be announced in the Campus Bulletin and flyers will be mailed out when plans are firm.
